

DuraVision™ Convex Mirror Product Sheet:

Lookunder Inspection

DuraVision™ Heavy Duty Lookunder mirrors are durable, lightweight and easy to manoeuvre on its castor wheels. The Heavy Duty aluminium handle is available in two sizes, the larger model can extend up to 2.4 meters. The handle adjusts to different lengths and stays securely in place with the Spring Loaded Locking Pin. Designed to roll under vehicles or large objects to view areas which are difficult to access and hard to see. This high quality mirror makes everything visible. Comes complete with adjustable heavy duty handle and drawstring protection bag.

Features

- 2mm acrylic mirror face
- Pure reflective coating
- ACM (Aluminium Composite Material) back for added strength
- Castor wheels for easy manoeuvrability
- Heavy Duty Aluminium with Spring Loaded Locking Pin
- Draw-cord protective bag in heavy duty nylon to protect mirror
- Optional base light with hinge plate provides up-lighting to area required

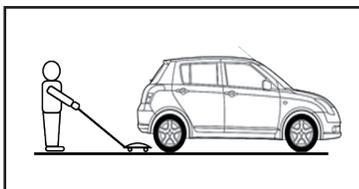

Suitable Uses

- Under and around vehicles and machinery
- Bomb inspection
- Customs and security checkpoints
- Police and military services
